Romantic escape for 2

Rekindle the magic or celebrate your love with this all inclusive resort package for you and your partner. Inspire Beach Resort is Ontario's new upscale adults only themed boutique resort in the heart of the Kawarthas. Located right on Shadow Lake with 400-feet of private beachfront, it is the perfect spot for a quiet romantic getaway. The 'Romantic Couples Getaway or Mini Honeymoon Package' has been curated to create long lasting memories and help you take your relationship to a new level.

On your arrival at your luxury themed cabin you will be greeted with a tray of chocolate covered strawberries and a chilled bottle of sparkling wine. Take a romantic walk and explore the resort. When you return to your cabin sit back and enjoy a gourmet dinner prepared and delivered by Chef Mark Brunet featuring fresh local ingredients. After dinner relax in the warm jets of your private hot tub as you enjoy your escape.

Wake-up to a basket of freshly baked treats from one of our local bakeries and then head to the beach for your private couples yoga session. For lunch, Chef Mark has prepared and delivered a savoury experience just for you. Explore the grounds and the beachfront, take out the kayaks or paddle boards to discover the lake. After your fun on the water warm up in the sauna as you prepare for your in-cabin RMT massage. Now you're ready to discover what your chef has prepared for your dinner... and enjoy your romantic getaway for 2.
